PROBE DEMANDED BY BYRNES.

Congressman Offers Resolution Directed at the Congressional Union.

A resolution asking an investigation of an alleged "suffrage lobby" in behalf of the Susan B. Anthony amendment, and directed particularly at the Congressional Union for Woman Suffrage, was offered in the house today by Congressman James F. Byrnes, of South Carolina.

The South Carolina member later issued a statement asserting that 'since the opening of this congress the house office building has been visited by so many women lobbying in the interest of this legislation that the corridors have resembled the shopping district in the days of millinery openings."

Mr. Byrnes said it is currently reported that a fund of \$40,000 has been raised in behalf of the Susan B. Anthony amendment, and he would like to have the house investigate how this money is being expended. His resolution calls for a complete house investigation of the activities of the alleged "Suffrage Lobby."

# Time of Members Consumed.

"One of the arguments in favor of equal suffrage," said the statement issued by Mr. Byrnes, "has been that it would tend to purify politics, and among other things stop the use of money for the purpose of influencing legislative bodies and the electorate.

"In view of this contention of the advocates of equal suffrage, it is but/ fair to them to have the house investigate and ascertain whether it is true that more than \$40,000 has been raised and many more thousands are to be raised to influence the action of congress upon the suffrage movement."

Mr. Byrnes says it is not to be presand (5,000) ready print papers in sumed that the \$40,000 is to be spent this country. There used to be many for literature, and that if any of the money goes to employ agents to Foreign advertising in these pa-lobby, congress ought to know it. He
